

17" Rackmount TFT LCD Monitor

Industrial grade steel housing

17" TFT LCD High quality display

Handles for easy grip during installation

Easy to operate On Screen Display controller

Introduction

The **AURORA-P** series is designed to provide users with friendly and clear visual monitoring device that can be easily fitted onto standard 19" rack. The series supports 17" bright active matrix TFT LCD display in elegantly designed heavy duty steel housing. It allows wide viewing angle R-L and U-D up to 70 degree. Ultra excellent display quality is supported by a maximum contrast ratio of 800:1 and a resolution up to (SXGA) 1280 x 1024 pixels for 17" version. It can be connected easily to your computer through standard VGA interface.

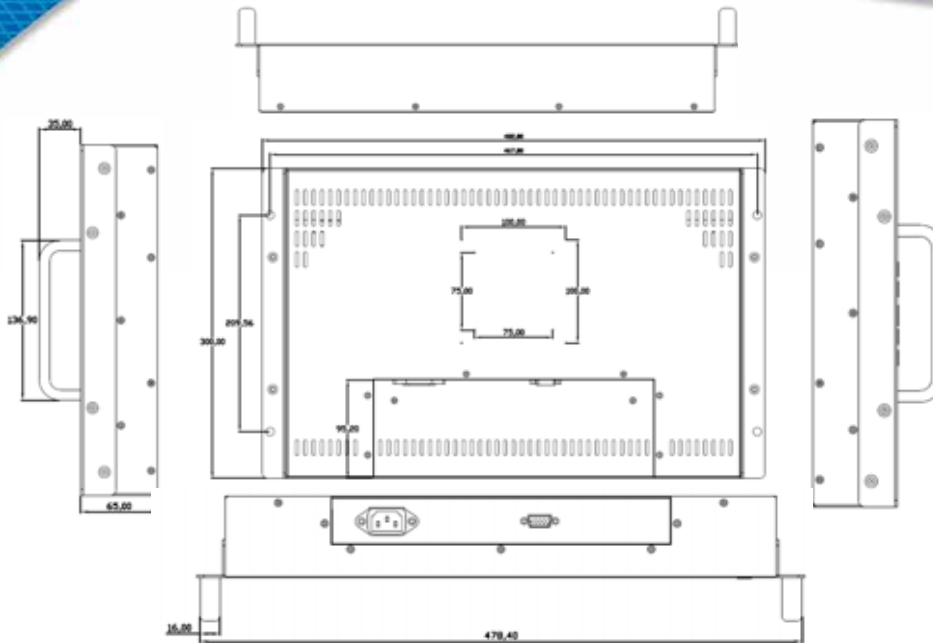

Features

- Standard 19" Rackmount 17" bright active matrix TFT LCD Display
- High contrast ratio, Wide-viewing angle and high brightness for high display quality
- On Screen Display (OSD) enable easy adjustment of display image
- Low power consumption
- Robust but light and elegantly designed external housing
- Optional Touch-screen function
